## Holiday Advertising.

Merchants will find a liberal use of The BULLETIN's advertising columns especially profitable during the next six weeks. The large circulation of the paper insures the bringing of business announcements before the eyes of most of the people of Maysville and Mason County, and many people of the adjoining counties are reached. Now is an especially good time to advertise.

## THE STAY-AT-HOMES.

The country is still as full of Democrats, it seems, as ever, but a big portion of them staid at home last election day or else went a fishin'. The Philadelphia Times says: "While there is an apparent Republican gain for Morton in New York of 77,740 over the Fassett vote three years ago the count of the canvassers indicates that 123,496 Democrats remained at home."

"There is a like condition in Pennsylvania, the official tables showing a gain of 57,157 for the Republicans over the Harrison figures, the Democratic loss of 121,842 on Cleveland going to the account of apathy, indifference and stay-at-homes."

"Western figures like those just now to the front from Minnesota, give a Republican gain of 22,678 and a Democratic loss of 46,781, and a Republican gain in Wisconsin of 15,977 to a Democratic loss of 42,065, all due to the number who refused to leave the fireside to save the country."

"Singular as it may seem, there is a Republican loss of 7,680 in Iowa, the solitary one reported, but the Democrats lose 62,955, and these were the losses that counted this year."

Perhaps the most notable "slump" took place in Ohio, where the Democratic vote fell from 404,115 in 1892 to 276,982 in 1894. One must go back twenty-two years in the history of Ohio politics to find a Democratic vote of such slender dimensions. But of the votes lost by the Democrats only a small proportion seem to have been gained by the Republicans. That is to say, while the Democratic loss was 127,233, the Republican gain was only 8,801.

## River News.

6-10 on gauge here and rising.

Telegraph from and to Cincinnati daily.

No boats down last night on account of heavy fog.

Keystone State over due from Pittsburgh, to return to-night.

The St. Lawrence is off the docks and will go into service soon.

Bonanza from Pomeroy and Stanley from Gallipolis due down to-night.

The total coal shipments from Pittsburgh on present water amounted to 10,326,000 bushels at last accounts.

On account of rising river Captain Cook had to quit work on Cooper's coal barge, after saving 3,200 of the 4,000 bushels of coal.

The Sunshine in charge of Captain Watt Shedd passed down yesterday bound for the docks at Cincinnati. She was badly humped amidship.

The Bonanza went into Cincinnati one day this week with the biggest trip in a long time: 991 head of stock, 18 hogs, heads of tobacco and 110 passengers.

The John Barrett left Syracuse yesterday with twelve produce boats, ten of coal and salt, and will add four produce boats below to her tow which she will take South.

LOVEL, the leading grocer, gives some figures in his advertisement elsewhere that will prove very interesting. His purchase of holiday goods was very large, and was made at extremely low prices, for cash. And his prices on candies, nuts, raisins, &c. &c., are consequently unprecedentedly low.

The clerks at the popular Red Corner Clothing House have all been fitted out with handsome suits, gifts from the clever-hearted and generous proprietors, Messrs. John T. Martin & Co. The coats are the latest in the Prince Albert style, and the suits made of cheviot are attractive and just the thing for cold weather. The firm secured these goods at a very low price, and they are one of the biggest bargains ever offered in clothing—only \$12.50.

## GETTIN' TOGETHER.

The Woodford County Democrats  
Take Steps to Restore  
Harmony in the Ranks.

VERSAILES, Ky., December 1.—A mass meeting of Democrats from all the precincts in Woodford County was held at the court house here this afternoon to discuss the best method of restoring harmony between the divided elements of the party and organizing the party in this county for effective work. Mr. J. M. Hoge, of Midway, called the meeting to order, and Mr. C. P. Mitchell was elected Permanent Chairman and Mr. James P. Amsden Secretary. Speeches were made by the Hon. D. L. Thornton and Mr. J. M. Hoge urging party harmony, and the following resolutions were then offered and unanimously adopted:

WHEREAS, The undersigned citizens of Woodford County, having voluntarily assembled at the court house at Versailles, disclaim the right of any authority, or the exercise of any other function than that of individual citizens to express their opinions upon matters of public interest, do

Resolved, First, that we are Democrats, and believe that the highest interests of our country, State and county are first conserved by the practical application, in the administration of government therein, of the principles of the Democratic party.

Resolved, Second, that we deplore the existence of political conditions in our county which have made it possible for a Republican candidate for Congress to carry this county, and has made it possible to elect five Republicans out of eleven in this State, and has transferred the power in the two branches of our National Legislature to the Republican party; and

Resolved, Third, that as Democrats and citizens of Woodford County we pledge ourselves to do all in our power to bring about party harmony in our county; that the party nominees, whoever they may be, or however they may be selected, may receive the hearty support of all Democrats in the county; and we earnestly request all persons who share these sentiments to unite with us in our efforts to accomplish this end.

All signed the resolutions. Committees were then appointed in each precinct to act with the Democratic County Committee in organizing the party for effective work.

## A Horse Thief Captured.

Constable Cropper, of Lewis County, returned last evening from Carlisle where he jailed a horse thief named John Owens one day this week.

The horse was stolen from Charles Plummer near Burtonville. The officer tracked the thief to Nicholas County where he was captured and the animal was recovered.

The Nicholas County authorities concluded they would try Owens instead of sending him back to Lewis, and he is in jail in default of \$500 bail.

## Goes With The Gulf Railroad.

Lexington Transcript: "Capt. J. K. Sroufe, the well-known and popular civil engineer, formerly with the K. U., has accepted a position on the Gulf Railroad with headquarters at Galveston. The Captain will leave his family in Lexington for the present. A more efficient civil engineer never made a mark, and a more genial or a truer man never lived in Lexington, and his many friends will regret to hear that he is going to leave soon."

## A Foot Ball Player Killed.

Harry Goodloe, a student of Central University, died in Richmond yesterday morning of injuries he received while playing football. He participated in the Kentucky Collegiate championship game at Lexington Thanksgiving Day and was hurt. He was a son of Judge John D. Goodloe, State Senator from Madison County. ## J. T. KACKLEY & CO.'S DISPLAY.

Holiday Goods were Never as Low as They are Now.

J. T. Kackley & Co.'s store was ablaze with electric lights last night and from dark until a late hour it was thronged with men, women and children admiring the elegant display of holiday goods and enjoying the music discoursed by Bailey's Orchestra. Suffice it to say that a finer display of holiday novelties has never been seen in this city. And the people will be surprised when they price these articles. A handsome manicure set that formerly sold at \$3.50 and \$4, goes this year at \$1.40. An Oxford teacher's Bible that cost \$3 and \$4 a few years ago, is down to \$1.50 now. The same is true of the price of other books and goods.

"I have never seen goods so low," was a remark of Mr. Kackley. And this will be good news for the people.

THE C. and O. Railroad is using its new bridge at Catlettsburg without further interference from the United States engineers and quite in opposition to the wishes of the citizens of the town. The latter gave the railroad valuable rights of way in consideration of a promised roadway and foot passages across the structure, which the road has failed in building, hence the protest.

SOME years ago in a Maine town a revival had been conducted jointly by two churches. When the meetings were concluded one dominie put forth his best work and succeeded in getting nearly all the converts into his fold. The next Sunday the other parson felt that this circumstance needed a word of explanation, so looking down at the handful of converts in his congregation, he said: "Brethren, it does not make any odds who strings the fish—the Lord knows who caught 'em."
